THE Provisional Committee for promotting the crection of a City Hall in Hongkong, desire to report the progress that has been made, up to the close of the present year, in furthering the object for which they are associated. The principal difficulty connected with this undertaking has been to produce a site that should be at once suitable for the purpose, and is the gift of Government; it being obvious that the present high value of Land within the limits of the City made it impossible that any sum of money, which the Committee could expect to com-

mand, would prove adequate if ground had to be An application for a site at the Western Corner of the Parade Ground, immediately under Messrs, A. Heard & Co.'s Office, was promptly and liberally conceded, but, before any format grant of the Land had been made, it was foriunately discovered that difficulties, previously thought imaperable, to the occupation of the

that site (undoubtedly the most cligible for the The work will be superistended by experienced-purposes of a City Hall in the whole Colony) has, European Engineers, Blackswiths and Shipwith the approval of the Military Authorities, been forwarded by the local Government to the Secretary of State for the Colonies, and that the position of the Drinking Fountain (presented to the City by Mr. John Deut, and now in course of erection) has been determined with special re-

ference to the dimensions and situation of the proposed Building. The space which, is it confidently hoped, will be thus placed at the disposal of the Committee will enable them to subrace in their scheme the I. A Public Hall, to be called the St. Andrew's Hall, in acknowledgment of a sum of Five Thousand Dollars, which has been voted to the undertaking from the surplus Funds of the late St. Andrew's School. This room will be available for

The remainder of the space will be absorbed by the Harbour Muster's Office, which will be removed from its present position, to one-appropriated for it in the North Rastern angle of the intended building, in accordance with the proposal submitted by the Committee to Government for permission to use the site which that office at present and of Lob on the Gaine Boad West, a Three Stalpartially occupies.

t is proposed that, at the proper time, they should! tee have satisfied themselves that the space they have applied for will be ample for carrying out the various objects enumerated above on a scale LAMES A. BROOKS has been favored with which will render the intended edifies an ornament to the City, a convenience to the public, and in a lat very way worthy of a Colony whose rapid growth and progress are the surest proofs of its wealth, enterprise and prosperity.

The urgency of the want that exists for a Publie Building of this nature need scarcely be dilated ion; Without diverting the Club House from its egitimate uses, at a great sacrifice of the convenence of its inembers, there is not in the length be commanded for any object of general or social said steamer, Sporge Clements, and John Will-interest. The difficulties that affected the Inau-iamson. guration Dinner of the Volunteers, the abandonment last winter of a Masonic Bull for want of a grom to hold it in, and the disadvantages to which the professional Artists at present here are caposed, are a few instances amongst very many of the inconveniences occasioned by the the want of a City Hall, & want, the Committee believe which is not shared by any other foreign Community of equal importance East of the Cape, a want which has been recently supplied at Singapore and which they trust will not be allowed much longer to serve is an indication of an absence of public spirit in

The preservation of the valuable collections Books in the care of the Trustees of the Morrison Education Society, and which are threatened with decay for want of a proper place of deposit, is an object which especially commends itself as a mat-ter of public import in a region to remote from the great centres of civilization, and where the wants f standard works of reference and solid instruction makes itself continually felt.

In reference to the important question of Fund

the Committee are glad to be able to appounce that they have actually in hand a sum of upwards of Fifteen Thousand Dollars, which is expected to be increased to upwards of Twenty Thousand Dollars hy a Donation, Iron the Chamber of Commerce.
This amount, which has been collected from various sources without any appeal having yet been made to the Community generally, fall, bowever, obviously short of what will be required for the purposes contemplated, and the Committee trust that further contributions will be liberally and spontaneously, tendered in support of the undertaking. Old residents, in retiring from the Colony may perhaps; adopt the example of some who have preceded them and evince their interest in its progress and in the well-being of their successors by a contribution to the Fund. The payment o interest on the Canton claims also affords an portunity for Donations of sums of no great importance individually, but which in the aggregate would materially assist the common object.
The Provisional Committee in concluding their present report, have thankfully to acknowledge the receipt of various amounts from Mr. John Dent, Mr. C. F. Still, Mr. Edward Webb, the late Mr.

On Monday evening last an Indian Constable committed suicide at Wanchi by shooting himself through the abdomen with his mus-Another Constable the night before last got out of his hed at the Pelice station and shot limself in a similar manner. No reason can be assigned for the act in either case.

The andacity and ferocity which charact erize nearly all the robberies we hear of daily render it necessary that the public should devise some means to protect itself, since the police have proved themselves inadequate for

- The cases of highway robbery which come before the Magistrates nowadays are nearly always proved to have been committed with great violence; but there are a far greater number which never come under the magistrates notice at all. Hongkong in fact hasbecome infested with numerous gangs of robbers, whose atrocities are most audacious committed as they are even in the heart of of the city at midday. One of these gangs has become the terror of persons having to pass near Morrison Hill, from the boldness of it's attacks on pedestrians and the brutality 3,500 which it practises on its victims, who are usually surrounded by these ruffians armed with knives which in many instances they ldo not scruple to use, and are brutally beaten and robbed." All this generally takes place

about midday and the vagabonds invariably manage to effect their escape. We recorded a few days ago two cases of the kind which happened about this spot, one of a shroff who was robbed, beaten and then tied to a tree, mother of a European who was attacked and also robbed in the same neighbourhood, and doubtless by the same gang. Both of them occurred within thirty liours of each, other, and in broad day-light At the same place and hour on Tuesday, we also hear of another case. The thieves in every instance got clear off. .But it is not only in the vicinity of Monrisoft Hill where these desperate robberies are committed, but continual complaints are made

of similar attacks in other neighbourhoods. Yet what else can we expect, with only two dozen nolicemen distributed over the city during the day? We believe, from all we that many even of these do not object to keep out of the way if the thieves make it worth their while to do so. We advise the public at all times to be prepared against attacks of this desperate character, especially as China new year is approach ing, undinot to full to take summary vengeance the Villains rather than run the chance of the improbable arrival of one of the four-and-

LETTER TO THE EDITOR.

To the Editor of the Daily Press." MR. EDITOR.—It is long since I wrote to last, we had great changes here since then! new good governor is revolutionizing Macao for Macao's good. I will another time give you some items of the great improvements that he has already made in every department, he is the right man in the right place; and no mistake. My object at present simply is to write a short running account of the festivities now going on First the Theatre ; free tickets. A new feature Macho Society was the appearance of four Macao Ladies on the stage-all of the upper ten of Macno. Well Bir considering everything 1 went with the full expectation of having a good laugh at the failure of the performance, but am glad to say was delightfully disappointed, it was a success. To the Ladies who honored the audience with their appearance on the Stage great credit is due., senhorn R, won the crown, both her parts were difficult ones, the first that of an old woman especially so, her performance was perfect and was greeted with lond travos and showers of bouquets. Senhora M. P. and Senhora A acted remerkably well and sang so sweetly, that it required a servant to pick up the flowers with which they were pelted : and last but not the least pretty Senhorita S. I am sure many a young Macao bachelor must have passed a sleepless night a thinking; the little she had to say and de, she did very well indeed. The gentlemen amateurs were perfect, Senhor Secretary Reibeiro would have excited the envy of any professional. His hurlesque of Mrs. Faylor a comio song was inimitable, kept the house in a roar of laughter all the time and was encored,

While we Fanquis were being amused with theatre dinner and ball, thousands of Celestials were enjoying their Sing Song at the Campo equare at public expense. The Mandarin of Caza dranca, the several Chinese Merchants were present at the grand dinner of His Excellency the Governor. Macao never had such a dinner party. The illuminations on the Praya were brightly splendid, and oh! by jingo! did not the octangular flag-staff inclosure of Koong Haang of Siam show off-it is a pretty piece of work and with the tall staff from which the white Elephant bunting beavily flaps (the Macaenses have dubbed it Bandeira de Porco "), cuts the rival magnate out and out. The grand fire work is to come off to-night, it is to be "a la European," Old sporting Padre Almada has been hard at work over a month in

the Monte forte preparing the tockets &c. Now I leave the full description of the festivities to the abler pen of your Macao contemporary. _Your's &c. Macao, 6th January, 1861.
